CleanEffects whole-house air cleaner cleans 99.98% of the air in your home down to .1 microns. Harvard studies also show CleanEffects captures the common flu virus. Reduce household dust and other airborne allergens.

XL950 ComfortLink II Thermostat. 7" LCD color touch-screen, system control, air quality management, digital photo frame and zoning all in one. Live weather information and **Schlage LiNK** technology plus much more!

Touch-Screen Thermostat Programmable, easy to read touch screen and sleek styling to efficiently control your HVAC system. Also available is the **IAQ Thermostat** to control multiple system functions with one device..

Steam Humidifier a healthy way to add moisture to the home. Improve air quality, prevent dry skin and sore throat and help protect wood floors and furniture.

EZ-Trap Primary Drain Safety Switch Prevents water damage from drain blockages. Allows easy cleaning and maintenance for drain lines.

Emergency Drain Pan Switch provides secondary protection against water damage. Shuts system off if water fills in the emergency drain pan.

Surge Protector Protect HVAC equipment with a state of the art surge arrestor. Includes limited lifetime warranty and a \$1000 per occurrence policy due to any protection failure.

Premier Efficiency Program (PEP) The simple truth is a properly maintained system will run more effectively and efficiently. Priority client status, PEP pricing on repairs, reduced energy costs, same day emergency service, no overtime charges, compliance with warranty.

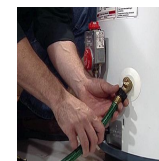

Carbon Monoxide Detector numerical display for early warning of potential contamination. Audible alarm and battery back-up for added protection. Standard **Smoke Detectors** also available.

Non-Programmable Thermostat Simple to use and offers an abundance of features at a great value. Large, backlit display makes the control easy to see and operate.

Schlage LiNK Home Automation System. Puts Your Home in the Palm of Your Hand. Control HVAC, door locks, lighting and cameras with a smart phone. Total connectivity, total peace of mind.

Water Heater Service extends the life of your standard or tankless water heater and improves energy efficiency. Our water heater service will remove sediment & lime build-up insuring your appliance is functioning properly.

In-line Exhaust Fans Quiet and efficient operation for venting bathrooms and attics, up to 75 CFM. Multiple locations per fan available. Energy Star Rated.

Attic Tent Reduce energy bills and save on heating and air conditioning. Attic tents can eliminate heat gain or loss through attic steps. Easy access into the attic space!

Tankless Water Heater heats water as you need it. Multiple functions and set-points. Qualifies for tax credit if installed by 12-31-2011.

Dryer Vent Cleaning / Repair keeps your clothes dryer operating safely and efficiently. Reduces the chance of fire in the home.
